CNCF Landscape

Application Definition & Development

| Databases | Data Warehouse | Streaming | Languages & Frameworks | SCM | Registry Services | Application Definition | CI / CD | Services as Code | API management |

Orchestration & Management
- Scheduling & Orchestration
- Coordination & Service Discovery
- Service Management

Runtime
- OS
- Cloud-Native Storage
- Container Runtime
- Cloud-Native Network

Provisioning
- Infrastructure Automation
- Host Management / Tooling
- Secure Images

Infrastructure

Platforms
- Paas / Container Service
- Event-based compute

Observability & Analysis
- Monitoring
- Logging
- Tracing
